

**SMASHED FIRETRUCK** -- This is the 1962 Cameron firetruck which rolled three times at FM Rd. 487 south of Rockdale Sunday afternoon. The driver,

Larry Burd, 24, of Cameron suffered head injuries that were fatal. The truck is parked behind City Hall and Cameron Fire Department.

## Services For Fireman End Tragic Weekend

### Wreck, Walkout, Explosion Break

Funeral services Wednesday for Larry Burd, 24, Cameron firetruck driver, ended a weekend of tragedy, near-dusts and headlines for Cameron and Milam County.

Burd, sole occupant and driver of the Cameron Fire Department's No. 62, eight-ton firetruck, died of injuries 1 a.m. Tuesday in a temple hospital, his truck overturned three times on the way to the blaze-fire at Rockdale's Alcoa plant.

The crash occurred about 5:45 p.m. Sunday afternoon 1.9 miles south of Rockdale on FM Rd. 487. Burd never regained consciousness before his death.

Services were held 3 p.m. Wednesday at Green's Funeral Home, Cameron. Burial was in Oak Hill Cemetery, Cameron.

Members of the Cameron Fire Department, some of whom trailed the accident victim's firetruck south of Rockdale, served as pallbearers and honorary pallbearers.

Other firemen died across the nation early this week. In New York City, 12 firemen died and 10 suffered injuries when a building floor collapsed during a fire.

**LEFT AT 5:10 PM**

Burd drove from the Cameron Fire Station about 5:10 p.m. Sunday, answering a Rockdale Fire Department call for auxiliary vehicles for stand-by after the Rockdale atomizing plant exploded, about 21 minutes before. The siren wailed as he departed.

At adjacent City Hall that Cameron's five-man police force headed by Chief Frank Chapman, after quitting en masse Thursday night had come to terms with the City Council Saturday afternoon, 21 hours before the Alcoa explosion.

State Trooper Milton Wright described the scene of the crash. Burd was driving the truck south on FM Rd. 487 when it failed to make the last of a series of curves on the old US 77, and the \$15,000 machine turned over three times.

The driver was thrown perhaps 40 feet, though he was found unconscious about 18 feet from the truck's landing place.

The truck's full 700-gallon water tank had been ripped from its moorings and thrown some distance from the vehicle. Imprints of the right rear dual tires and rims stood out in the pavement. Hose and other equipment was strewn along the highway.

**RUSHED TO TEMPLE**

Burd was taken by ambulance to Richards Hospital, Rockdale, quickly checked over by a physician, standing by in case of injuries at the Alcoa explosion, and rushed on to Scott & White Hospital, Temple. Surgeons operated immediately on Burd's head injuries.

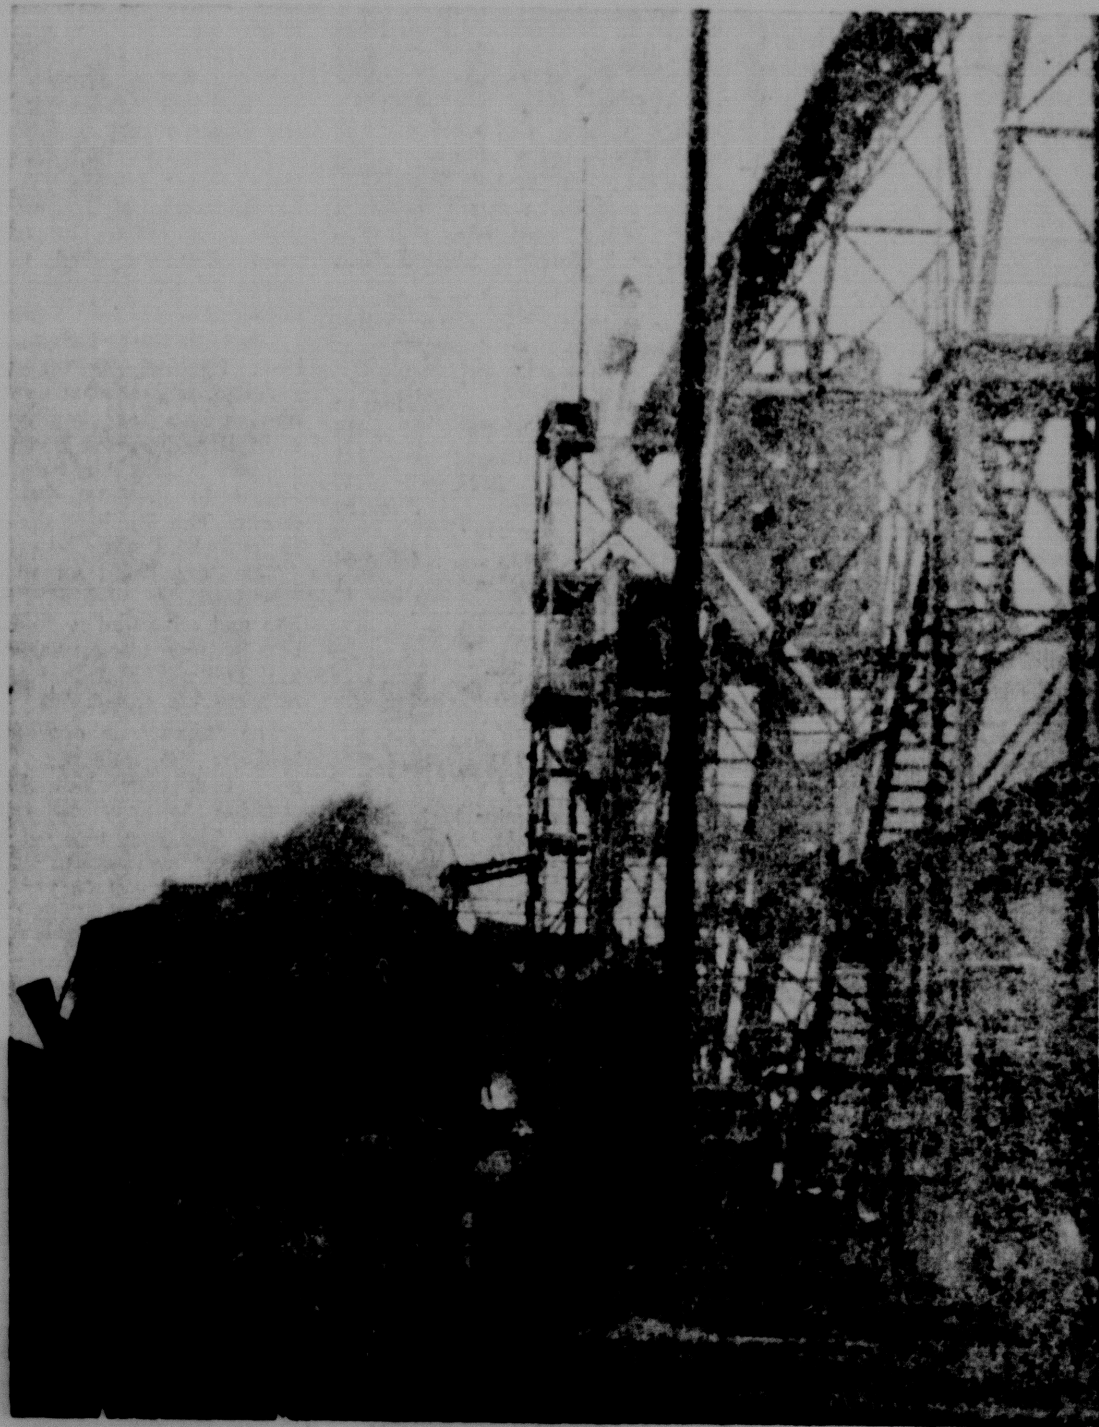

The truck had been curving left, but lurched to the right, skidding 463 feet, Wright said. Estimated speed was 60 m.p.h.

Following in a pickup behind the firetruck were Nathan Lewis and Gene Angell, both Cameron volunteer firemen. They were first on the scene.

Wright said the firetruck, going south, met a car going north on the farm-to-market road, and hit the brakes.

A wrecker from Cameron picked up the firetruck that night. It is now parked behind the Cameron Fire Department.

It is listed as a total loss. Public See **WRECK** Page 2

**AFTER THE 'BOOM'** -- This is tower and one end of the atomizing facility that exploded Sunday afternoon at the Rockdale Alcoa plant. No one was injured, in fact no one was in the building when the dust collecting apparatus

exploded. The shock wave was heard in Cameron, indeed rattling windows Alcoa officials are still working out cost repair estimates, but assured the facility would be put back into operation as soon as possible.

## Cameron Police Back At Work

Mayor Bassel Wilson Wednesday said "no comment" concerning re-employment of the five-man Cameron Police Department Saturday afternoon in a Council session presided over by Mayor Pro tem Starrett Hickman.

Police Chief Frank Chapman was patrolling early Wednesday afternoon when The Herald ran its statement on the Council's action of reinstating the force which quit en masse after a meeting with the Mayor and Council Thursday evening.

The walkout was over working hours. All five officers—Chief Chapman, Patrolmen Robert Lymke and McCall and Claude Bailey attend—Verne Miller and dispatchers Pat McCall and Claude Bailey attended the Thursday night and Saturday afternoon meetings.

Saturday afternoon, the Council and police agreed on four eight-hour days and two 12 hour days

each week for policemen.

Mayor Wilson was out of town Saturday. Thursday he was said to have wanted police to work six 10-hour days.

The City Council first met Saturday morning and appointed Councilman Lawrence Zoltz to negotiate with Chief Chapman and police.

Attending 10th morning and afternoon meetings were Councilmen Lester Turner, J. C. Marek, Zoltz and Mayor Pro tem Hickman who presided at both sessions.

Agreed to besides the new hours arrangement were five paid holidays a year, same as all city employees, overtime pay for extra hours and pay for the two days off during the dispute.

Policemen had asked for a raise earlier, prior to the 1966 City Budget which became effective October 1, but it was not budgeted. The Council issued a written statement following the Saturday afternoon meeting which said in part:

"The City Council of Cameron recognizes the devotion to duty by the members of the Cameron Police Force, and encourages the people of the city of Cameron to offer any constructive criticism of the police force or any other operation of the city government to the members of the Council."

During the two-day absence of police protection here, the Milam County Sheriff's department furnished help and members of the Texas Highway Patrol assisted. Night watchmen continued to work, while a lady dispatcher, wife of Deputy Sheriff James Mortimer, filled in at police headquarters radio.

## Thanksgiving Rite Cites Centennial

An evening Mass of Thanksgiving, marked the Centennial Celebration of the Galveston landing of the Sisters of Charity of the Incarnate Word, who operate St. Edward Hospital in Cameron.

The mass was celebrated on the lawn of St. Edward Convent at 5 p.m. Thursday with about 250 Cameron area residents attending.

The Most Rev. Louis J. Reicher, Bishop of Austin, spoke of the early days of the Sisters of Charity and their struggles to provide medical facilities in the days of Texas history, in a commemorative talk following the Mass.

He emphasized the need for continued support of the hospital and local medical needs.

The Very Rev. Msgr. Edward C. Matocha, Chancellor of the Diocese of Austin, gave the sermon. He recalled his childhood in Cameron and the influence of the Sisters of Charity and St. Edward Hospital on the community.

The Very Rev. John T. Geiser of St. Monica Church, Cameron, celebrated the Mass. Rev. Paul Mc-

Callum, formerly of Cameron, and Charles Kunz were commentators, explaining the proceedings. Rev. Arthur Michalka lead the congregational singing.

Following the Mass and address by Bishop Reicher, assurance of support in future expansion plans of the hospital were made by Mayor Bassel Wilson and Monroe Fuchs, president of the Chamber of Commerce.

## Shell Drilling 3rd Smackover Well

By Lloyd Albertson

Shell Oil Company of Houston scheduled a third deep-wildcat last week to be drilled on a big lease block in southeastern Milam County.

The new wildcat will be Shell's No. 2 Adoue Estate. It will be the third try by the company to find the Smackover in this area. It is permitted to 16,500 feet.

Location is on the 417 acre Adoue Estate tract in the James Eldridge Survey and approximate-

ly five miles southwest of Gause and eight miles east of Milano. The wildcat's drill site will be 3.110 feet east southeast of Shell's No. 1 Adoue Estate which was drilled and abandoned in 1961, and about 9,000 feet south and a little east of the company's No. 1 Nell Ross, drilled to 15,230 feet before being plugged in June, 1965.

Drilling operations probably will not start on the wildcat for two or three weeks or longer since it is located in a very sandy area and a board road will have to be rebuilt and extended to the drillsite before heavy equipment can be brought in. Work on the board road already is underway, according to some residents in the area.

Shell's No. 1 Adoue was the first attempt to find the rich oil and gas bearing Smackover formation in Milam County when it was drilled two years ago, and it left many rumors in its wake. Spudded in December, 1963, it was drilled to a total depth of 14,457 feet and reportedly was about 22 feet in salt when drill stem and drill collars were lost in the hole. When a fishing attempt failed, the drill crew plugged back to about 11,000 feet and tried to sidetrack and get past the junk, but were unable to drill the side-tracked hole more than a few feet before encountering trouble. The No. 1 Adoue Estate was plugged and abandoned in May, 1964.

Shell Oil Company drilled the wildcat tight and released little information about it, but after it was plugged, stated that it was bottomed in sand, shale and lime. Reportedly Shell's No. 1 Nell Ross was drilling in salt when plugged in June, 1965, which it topped at 15,120 feet.

Shell has a big lease block of 10,000 to 15,000 acres in Southeast Milam County which it assembled several years ago. Several other major companies, including Sinclair, Sun and Pan American Oil Corporation, also have sizeable lease holdings in the area.

After Explosion . . .

## Damage Being Established

A preliminary estimate of damage to the atomizing facilities at Rockdale's Alcoa plant will not be complete for several weeks, according to John Prust, Alcoa public relations representative.

The explosion Sunday developed in the dust collection system of the 53 by 160 metal building where fine particles of aluminum are gathered in the manufacture of powdered aluminum for Navy Snake-Eye bombs and rocket propellants.

Prust told The Herald that six men on duty at the time of the explosion—about 4:45 p.m. Sunday—were in a nearby building for offices and maintenance.

No one was injured. "We are proud that our (Alcoa) safety precautions would allow for anything happening," Prust said.

A total of about 20 men, four shifts—one off, three on during the 24-hour, seven-day week—are employed at the new facility. They are working in other parts of the plant until facilities are repaired.

The Sunday afternoon explosion cracked sound waves all the way to Cameron, about 13 miles away. Later, the Cameron Fire Department sent a truck which turned over going to the plant. (See related story.)

It was ironic because water could not be used on the fire. Plant officials decided to let it burn itself out.

Several freight cars of the stuff were moved away from the building.

Damage at the plant was restricted to the atomizing facility and all other operations were normal, Works Manager Howard F. Chrisco said Monday.

Alcoa reported extensive damage to the atomizing building, but repair was to begin as quickly as a complete survey of damage and cost had been determined.

The Rockdale Works employs more than 1200 people, the vast

majority in the six-line smelting operation north of the relatively small atomizing facilities.

Rockdale opened the atomizing operation in July after about six months of construction.

The plant site was cordoned off by state highway patrolman and plant officials shortly after the explosion.

The atomizing plant is south of the main production plant. A rail-line of the Rockdale & Sandow Railroad runs between the south end of the pollines and the atomizer. Alcoa has other atomizing units at Tennessee and Pennsylvania plants.

## Absentee Voting Now Underway

Absentee voting opened Wednesday at the County Clerk's office for the November 3 election.

Eligible voters must have registered or paid a poll tax before January 31, according to Wayne Wieser, County Clerk. Ballots may be cast absentee by mail before November 4 if the voter is physically unable to come to the polls, or if he is registered to vote in this county and presently resides elsewhere.

Eligible voters who will be out of town on election day may vote at the Courthouse between now and November 4.

The 15 by 2-inch general election ballot includes state and local races and 16 proposed congressional amendments (see listing in issue).

Incumbent Governor John Connally leads a race of 4 candidates for that office with Republican candidate T. E. Kennerly, Constitution Party candidate Tommy Gillespie and Conservative Party candidate Bard A. Logan.

Democrat Waggoner Carr, Republican incumbent John Tower and Constitution Party James Barker Holland are on the ballot for U.S. Senator.

Candidates for Lt. Governor are: Preston Smith, incumbent, Demo-

crat; Kellis Dibrell, Republican; William A. (Bill) Johnson, Constitution.

For Attorney General: Crawford C. Martin, incumbent Democrat; Robb Stewart, Republican; John C. Williams, Constitution.

For Commissioner of Agriculture: John C. White, incumbent Democrat; Jack Garrett, Republican; Derek C. Bownds, Constitution.

For Commissioner of General Land Office: Jerry Sadler, Democrat; Albert Fay, Republican; Joseph L. Tiller, Constitution.

For Comptroller of Public Accounts: Robert S. Calvert, incumbent Democrat; Rudy T. Garza, Constitution.

For State Treasurer: Jesse James, incumbent, Democrat; Lawrence Daffan Gilmer, Republican; Jesse Lee James, Constitution.

For Railroad Commissioner: Byron Tunnell, Democrat; David R. Clark, Constitution.

For Representative to Congress, 11th District: W. R. (Bob) Poage, incumbent Democrat; Laurel N. Dunn, Conservative.

All other state and local races are unopposed. They are (all Democratic candidates): Robert W. See **VOTING** Page 2

## 2 Suspects In Auto Theft Case

Two teenagers from Houston are awaiting pickup in Milam County Jail after being picked up in Buckholts 10 p.m. Tuesday on suspicion of driving a stolen car.

Both 16-year-olds, they had stopped to visit a youth in Buckholts, formerly of Houston, now living there.

The duo was driving a Chevrolet station wagon, according to Buckholts officials. Charges are pending in Houston.

The two youths had talked about driving on to Houston and Jasper before being picked up.

# Yoe Drops Eagles, 15-7 In 4ht Quarter Effort

Four thousand people saw two football games Friday night at Yoe Field.

Fortunately for the Yoemen, the second half counted most and they dropped Hearne, 15-7.

First half statistics pointed to an Eagle win as first downs, yardage and the score, 7-0 at the half, favored the unbeaten visitors.

But the second half, specifically the fourth quarter, was quite different as Ken Fuqua's '66 Yoemen marched 80 yards in nine plays for the first TD and the vital extra points by Leo Michalka. Halfback Bill Goeke got the opening TD.

And then safety Glenn Fogle, a fourth quarter hero, snagged a Hearne pass at the Yoe 39 and ran it back to the Eagle 23.

**CLINCHER**  
Two taps at the line, then on the third halfback Don Manley ruffed through a gaping hole on a trap play for the final 13 yds. and the clinching score. Jack McKinney kicked the PAT.

Fogle was not through with his chores. He stopped two Hearne backs heading for the doublestrie and batted away a pass to a Hearne receiver in the end zone.

Goeke added an interception at the Yoe 2 and guard Jim Kopriva recovered a Hearne fumble at the Yoe 45 with six seconds in the game.

These defensive plays ended the Eagles' perfect season and established Cameron as the team to beat in District 17-AA.

The fourth straight win, since consecutive losses to Taylor and Rockdale, restored momentum to the Yoemen season effort.

Linemen David Barrett (just off the injured list), David Kratochvil, Dennis Rose and Kopriva and ends Jim Lafferty and McKinney contained Eagle standout Pete Martin, junior halfback who must have run about 70 percent of Hearne's offensive plays in the first half.

He sparked the first-half Hearne drive that put the Eagles in command.

**79-YARD DRIVE**

Hearne went 79 yards when a personal foul against Cameron gave new life to their drive. Then Martin caught quarterback Billy Batson's 45-yard pass at the 3. Three plays later, he went in for

the TD. End Bill Sweet kicked the PAT for a 7-0 ballgame.

Martin caught two other passes for a total of 67 yards, carried for 58 yards and punted four times, averaging 44 yards. And his defensive play was outstanding.

Cameron saw a first quarter drive stall at the Hearne 21 after a Goeke fumble to Hearne's Adrian Cordora. The Yoemen drove from their own 2.

Then came the Hearne touchdown drive.

In the early fourth quarter, Goeke dashed off 25 yards preceding a Don Mitchell-Michalka aerial for 22 yards to the Hearne 5. Goeke scored on the next play on a wide sweep left. Michalka went the other way wide for the vital double extra points, putting Cameron ahead of the Eagles 8-7.

The final Yoe score followed after Fogle's interception and run-back, and Manley's 13-yard dash to paydirt.

Cameron now has a 4-2 season record. Hearne at 5-1 in 17-AA.

## Unbeaten 'Yoe Yoes'

### In Caldwell Tonight

The Cameron junior high school "Yoe-Yoes" football squad will meet an unbeaten Caldwell 8th grade team at Caldwell Thursday (tonight) and someone's record will have to go. Cameron is also unbeaten in four starts this season and they carried an unblemished record through last year.

Both a 7th and 8th grade team will travel Thursday. The first game is at 5:45 p.m. The second game begins at 7 p.m.

#### HOSPITAL AUXILIARY

The St. Edward Hospital Auxiliary will meet at the hospital at 7:30 p.m. Monday, October 24.

## Bulldogs Drop Game To Hearne

The OJT Bulldogs were defeated by the leading District 16 Triple A, Blackshar Bears of Hearne Saturday night in a non conference game.

As the game opened the Bulldogs kicked to the Bears. The Bears after several plays moved down to the 4 yd. line in Bulldog territory, but were unable to score. The Bulldogs took over from there. On 4 downs and 6 the Bulldogs were forced to punt, a bad snap from center caused the punt to be blocked, giving the Bears their first TD of the game. The point after was good, giving the Bears an 8-0 lead over the Bulldogs.

The high spirited Bulldogs came back fighting, picking up good yardage and several first downs moving into Bear territory on the 4 yd. line. Here the Bulldogs were stepped by the Bears defense and forced to give up the ball on downs. The Bulldogs defense dug in and held the Bears offense.

The Bears were forced to punt. Ray took the punt on the 15 yd. line and advanced it to the 40 yd. line in Bear territory. Here again the Bulldogs had an opportunity to score but failed.

The Bears took over and were held by the Bulldogs. The Bulldogs took over with Smith attempting to pass on third and seven. The pass was deflected by an on-rushing lineman, who caught the ball and ran 35 yards unopposed. The point after failed. At half the score was 14-0 Bears favor.

The Bulldogs received after half, moving to the 30 yd. line. On third down the Bulldogs fumbled and the Bears covered the ball. The Bulldogs defense refused to allow the Bears to score.

The Bulldogs took over, connected to Nelson for good yardage and a first down. An outstanding run by Rogers Petty moved the Bulldogs into scoring position. Ray then broke loose for 9 yds.

and a TD. The PAT failed. The Bulldogs kicked to the Bears and the Bears offense was stalled with an interception by Ray. The Bulldogs were forced to punt. On 4 downs the Bears were forced to punt, with Jimmy Johnson blocking the punt, and Kenneth Johnson picking it up and going 38 yards for a TD which was immediately called back by a penalty. The game ended with the score 14-6.

The Bears offense did not score during the entire game. The Bears defense scored both TDs.

The Bulldogs played hard sound football defensively and offensively.

Outstanding tacklers were Jimmy Johnson, O. Poole, V. Nelson, L. Ray, W. Holloway, and R. Petty. Outstanding backs were Larry Ray with 147 yds. rushing on 14 carries averaging 10.7 yds. per carry. Rogers Petty with 32 yds. on 7 carries average 4.4 yds. per carry. Willie J. Holloway rushed 30 yds. on 9 carries, averaged 3.3 yds. per carry. Q. B. Smith completed 6 passes out of 15 attempts with 3 intercepted.

## Election Day Broom Sale Set

The Cameron Lion's Club is again planning their annual "Broom and Mop" sale. This year the sale will be Tuesday, November 8. "The citizens of Cameron and the surrounding area have cooperated so completely with this sale each year," Forrest Sapp, Lions Club President, said, "that we are expecting another very successful year."

Money derived from this special sale is used for charitable programs conducted by the Cameron Club.

### Rotary Governor

### To Visit City

### Rotarians Oct. 26

Cameron Rotarians will welcome on next Wednesday the governor of Rotary District 587, Arthur Kaspar of Shiner. He will address the local Rotary club, one of 39 in the Cameron Rotary Club, and other club officers to obtain information on the club's plans and to offer suggestions on Rotary administrative matters.

Gov. Kaspar is one of 278 Rotary governors in all parts of the world who are serving as the sole representative of Rotary International in districts comprised of member clubs. Each district leader is responsible for supervising the clubs in his area. More than 12,400 Rotary clubs in 133 countries are supervised by Rotary governors.

A member and past president of the Rotary Club of Shiner, Kaspar is a manufacturer. He was elected to office at the Rotary convention in Denver, Colorado, last June, and will serve until next June 30.

"While in Cameron," according to Luecke, Cameron Rotary Club president, "the governor of our district will talk with us about possible growth of membership and the likelihood of forming additional Rotary Clubs in near-by communities. His visit will also give us a broader understanding of the world-wide Rotary organization that today embraces nearly 600,000 men of practically all nationalities and political and religious beliefs."

Though a seasoned Rotarian before his election Kaspar attended a 9-day meeting last June in New York State at which all Rotary governors for 1966-67 received intensive training for their jobs.

#### ROGERS BAND PARENTS

The Rogers Band Parents Club will meet at 7:30 p.m. Monday, October 24 in the band hall.

## Eagles Hold District Tie After 30-21 Victory Friday

Rogers Eagles scored an important District 24-A victory when they defeated Thrall 30-21 Friday at Thrall.

In a strong defensive effort the Eagles gained 233 yards rushing and 168 yards passing. Quarterback Eddie Henderson and tailback Mike Mayfield each scored two touchdowns.

Thrall started with a 7-0 lead when Quarterback Gary Zamorsky threw to end Lewis Jackson for 30 yd. and Robert Leshiker kicked for the extra point.

The Eagles went ahead 8-7 on a 5 yard touchdown run with Mayfield carrying for the extra points.

Rogers scored twice in the third

quarter on a Henderson to Ray Sulak 47 yard pass and a fake kick from the 5 that ended in a Mayfield to Sulak pass and 22-7 lead.

In the fourth quarter Leshiker added the final Rogers score. Henderson carried for the extra points. With 2:41 remaining in the game Leshiker threw to Jackson for the final Thrall score and the final score, 30-21.

Rogers is tied with Troy in the district race with both teams holding a 3-0 record.

## YOEMEN TRAVEL TO CALDWELL

### FOR 17-AA TILT

Cameron's Yoemen, upping their grid fortunes with each new game, travel to Caldwell for a 17AA test 7:30 p.m. Friday.

Caldwell will be seeking its first 17AA win after losing to Giddings last Friday night.

The Hornets field a line averaging 165 pounds and a backfield averaging 145 pounds, somewhat lighter than the Yoemen.

## Tea To Show Auxiliary Work

A tea at the home of Mrs. Hillard Thomas Thursday, October 27, is being planned by the St. Edward Hospital Auxiliary.

Mrs. James Camp, president of the hospital volunteers, said the tea is to acquaint hospital women with the purpose and program of the Hospital Auxiliary.

Hours for the tea are from 4 to 6 p.m.

The hospital volunteers organized this summer after the St. Edward administrators expressed a need for community interest. During the summer months they joined the state association of Hospital Auxiliaries, toured the hospital in an orientation program, and charted a schedule for volunteer hours at the hospital.

Their service at the local hospital since September has included helping at the information desk of the hospital, taking patients for X-ray and special treatments, and in general making the hospital environment for patients more pleasant.

The Auxiliary is presently collecting and circulating current

magazines among hospital patients and hopes to purchase and stock a gift cart as an additional convenience to patients.

A group of Junior Hospital Volunteers is also being organized and will work under the direction of the senior group.

Working on the arrangements committee for the tea are Mrs. Niley J. Smith, Mrs. C. R. (Roy) Law and Mrs. E. O. Schiller Jr.

## Rev. Freeman To Attend Berlin World Congress

Rev. Richard Freeman, pastor of First Methodist Church, Cameron leaves Saturday night for Berlin, Germany where he will be a press representative to the first World Congress on Evangelism.

The World Congress is an international, interdenominational meeting to discuss Christian evangelism in contemporary life. The 10 day meeting will be in the famed Kongresshalle in West Berlin with 1,264 delegates, observers and newsmen expected.

Rev. Freeman will be attending on behalf of the Texas Conference of The Methodist Church and covering the proceedings for Rev. Carl Keightley, Methodist Information Director for the State of Texas.

The Congress is being sponsored by Christianity Today, a bi-monthly interdenominational theological journal. Dr. Carl F. H. Henry, journal editor, will be acting chairman of the Congress. World-famous North Carolina Evangelist Billy Graham is heading the Congress officials as honorary Chairman.

## John Andres Is Guest Speaker At St. Anthony PTC

The St. Anthony Parent Teachers Club met on Tuesday night at Simon-George Hall.

After a short business meeting, the program was turned over to Mrs. Thomas Schigut who introduced the speaker for the evening, John C. Andres, who spoke on the history of the Knights of Columbus and played a recording of a speech made by the Supreme Knight of the National Council commemorating Columbus Day 1966. Father John Geiser spoke briefly on the declaration on education passed by the Vatican Council.

Final plans were made for the Halloween Carnival to be held at Simon-George Hall on October 27, to which the public is being invited. Proceeds will be used for needed improvements at the school.

E. J. Litzman, president, reported that the club had just purchased twelve chairs for the first grade reading room at a cost of \$75 and other items are badly needed.

The fourth grade won the room coat with attendance of 43 percent. The door prize was awarded to Sister Miriam Joseph.

## Mrs. Clark Hosts Pleasure Profit Club

State Representative Milton Schiller discussed constitutional amendments that will appear on the November ballot when he spoke to the Pleasure and Profit Club Thursday afternoon.

Mrs. R. M. Clark was hostess for the meeting at her home.

Refreshments of chicken salad, nuts, corn chips, sand tarts, stuffed dates, coffee and tea were served to 17 members and one guest, Mrs. Harry Shanks.

## Rogers Carnival Slated Saturday

Plans are being finalized for the big annual carnival to be held Saturday, October 22, at the Rogers Public Schools. It was sponsored by the Rogers Parent Teacher Association, with Mrs. Darrell Benson as president.

High light of the evening Saturday will be coronation of the queen and king of each division in school at about 9 p.m. The candidates are: Seniors-Helen Coufal for queen and Johnnie Elsik, escort; Junior class-Joan Sulak and Carl Gloria; Sophomore class-Gale Kovar and Jimmy Crawford; Freshman class-Herlene Boelscher and escort to be selected.

Junior high division: 8th grade, Gail Hughling and Marvin Green; 7th grade, Stacy Stephens and Leon Petty; 6th grade, Cheryl Jean Williams and Carl Gene Ashcraft. In the elementary division: Mrs. Imogene Harbour's 5th grade, Rebecca Stewart and

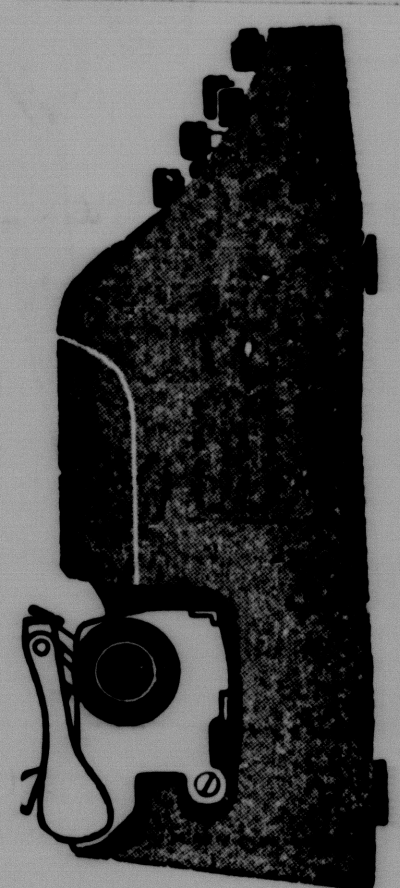

## Three Arts Club

### Program On Craft

Mrs. L. W. Stroup Jr. presented a program on crafts at the Thursday afternoon meeting of the Three Arts Club. Mrs. Dana Kestenberg and Mrs. Gus Evans Jr. were co-hostesses for the meeting at the Evans home, and presented each member and guest with a large paper rose corsage.

Mrs. Stroup displayed a collection of pottery, papier mache, metal crafts, examples of weaving and wax dyeing, and told about some of the craftsmen who had made them. She attended a craft school in Mexico this summer, and also told about some of the work being done there and in New Mexico.

Following the program members and guests viewed the displays and found flower pots forming the centerpiece were inscribed with their names and held a surprise lemon meringue dessert. A bronze mum decorated each of the flower pots which were on a tiered lazy-susan. Finger sandwiches and coffee were also served.

## Civic Improvements

### Reviewed In BPW

### Program Monday

Mrs. Forrest Sapp spoke on Civic Participation at a meeting of the Business and Professional Women's Club Monday evening.

Mrs. Vance Werner was hostess for the meeting with nine members and one visitor, Mrs. Ruby Moseley, attending.

Mrs. Sapp reviewed local civic improvements now in the planning stage and emphasized the need of community support to make the planners ideas a reality for Cameron.

Mrs. Sapp was introduced by Mrs. Willie Falkner, program chairman.

Orange punch, sandwiches and pie were served during the social hour. Mrs. Falkner assisted at the serving table.

October 16-23 is observed nationally as Business and Professional Women's week. The national

## Cradle Shower Fetes

### Mrs. Larry Stone

Mrs. V. J. Cole, Mrs. George Fisher, Mrs. Talmadge McGregor and Mrs. James Terry shared hostess duties in the Cole home on Friday evening, October 14, to honor Mrs. Larry Stone with a cradle shower.

The baby decor was emphasized with a miniature stork which formed the table's centerpiece.

Refreshments of assorted cookies, minis and frosted punch were served.

Entertainment included a Flowerbaby Game played by the honoree and guests. A prize was awarded to the winner of the game.

organization of career women is noted for sponsoring legislative and administrative action which is of vital importance to all employed women.

## Civic Garden Club

### Has Program On

### Dried Arrangements

Mrs. W. E. Falkner was hostess for the Civic Garden Club when the group met for their regular monthly meeting October 13.

The program, an informative presentation on "Treasures For Winter Pleasure" was given by Mrs. Frank Schiller. She related history pertaining to dried floral arrangements and it was noted that this method of attaining aesthetic beauty and enjoyment dates back to the early settlers of our country. Mrs. Schiller gave numerous methods of preserving flowers for later use, pointing out that even the color can now be retained by using the proper method. She also gave constructive comments on four dried floral arrangements which were designed by Mrs. John Sapp, Mrs. J. A. Bowling, Mrs. Joe J. Heitman, Mrs. M. C. Duncum and Mrs. Schiller. In closing, Mrs. Schiller challenged the group to keep their eyes open for material to be used and pointed out that nature offers a bountiful supply of material and that the beauty we find in whatever we collect is in the eye of the beholder.

Mrs. M. C. Duncum, club president, conducted a short business session. Eight Civic Garden Club members plan to attend the Division 2, District V, of Texas Garden Clubs, Inc. meeting to be held in Gatesville, November 3 beginning with coffee at 9 a.m.

During the coffee hour, Mrs. Falkner offered tasty refreshments laden on a table which was centered with an autumn decorative unit. Mrs. Heitman assisted by pouring coffee.

Special guests for the meeting were Mrs. LeRoy Raley of Sulphur, Oklahoma, daughter of Mrs. W. M. Fanning and Mrs. Hardy Young, Mrs. Jackie Rawls and Mrs. Leland Sorenson all from Rockdale.

Mrs. Duncum reminded members to make advance preparation of material to be completed at the workshop in November when the group will make papier mache flower pins which they later hope to present to the Austin State House to be used as Christmas gifts.

## Library Friends

### History Program

### On Early Missions

Members of the Pleasure and Profit Club were hostess for the second meeting of the Friends of the Cameron Public Library Wednesday, October 12.

Miss Mary Bell Batte, Milam County historian, gave the program on early missions in the county.

Introduced by Friends president Mrs. Perry Holder, Miss Batte related events leading to establishment of the missions near the San Gabriel, the work of Spanish priests with the Indians, and the eventual abandonment of the settlements.

About 60 Friends members enjoyed the program and preceding social hour.

Mrs. J. J. Heitman, Pleasure and Profit Club president, combined aspidistra leaves, a yellow canna blossom and lime-shade grapes for the serving table centerpiece. An autumn green linen table cloth and napkins decorated with fall flowers carried out the seasonal decorations.

Mrs. Robert Clark, vice president of the Pleasure and Profit Club, presided at the silver tea service. Cookies, tea sandwiches, dips and spiced tea were served.

## Robert B. Chapman Milano To Host Milam Baptists Annual Meeting

The Milam County Baptist Association will meet in annual session in the First Baptist Church in Milano on October 29.

Representing the Baptist General Convention at the meeting will be Robert B. Chapman, Associate in the Brotherhood Department of the Baptist General Convention of Texas. Mr. Chapman formerly worked with the Ft. Worth Boys Club before entering the Baptist Brotherhood work. Baptists will begin at 1:30 p.m., continuing through 9 p.m. The host church will serve the evening meal to those attending the meeting.

During W. W. II he was company commander in the 4th armored Infantry Division.

# OLD PHILOSOPHER

ED. NOTE: The Old Philosopher on his Johnson grass farm on the Yegua apparently has had his television set repaired. His letter this week indicates.

Dear editor:

I knew it would be mastered sooner or later, and can now report that television, according to an advertisement I read in a newspaper last night between westerns, has come of age.

As I understand it, one of the problems of television has been watching it and the set keeps on

working. If you're watching it from a bed or couch, you might sleep all night with the set still going. If you're in a chair and doze off, you might get asked up when Thrush sets off an explosion to destroy North America. Just because a program is dull is no sign it's quiet.

According to this advertisement, however, the problem has now been licked. A company has come out with a set that automatically turns itself off.

I don't have the details, but I presume you look over the night's

television programs figure you can stay awake through the first two or three, but estimate along about half way through the fourth you're likely to doze off. So you set the automatic switch, and can go to sleep anytime, even though the first or second, still know the set will blink off by itself. This is one of the greatest strides I guess television has made.

Incidentally, I have long wondered why the television rating firms, instead of putting a gadget on selected people's sets to record when they're turned on, don't put the gadget on the people them-

selves to record when they're awake. Unless they're both going at the same time the test is unreliable.

None the less, I am pleased to know that television has whipped one of its major problems.

Newspapers and books, of course, and if hundreds of years ago, ever since they were invented, you could go to sleep reading a newspaper or a book without worrying about turning anything off. It's good to know you can safely televise you self to sleep.

Yours faithfully,  
J. A.

## Rogers FHA Honors Mothers With Tea

The Future Homemakers of Rogers High School had a Mother's Tea in the cafeteria room recently which was well attended.

## OUTDOOR TIPS

**HARD-SHOULDERED DOG** If your hunting dog is inclined to be hard-shouldered, this can be corrected by a very simple method suggested by a well-known dog expert.

Take three or four long nails and cut off the heads. Push these

spikes at various angles through the carcass of a dead game bird, of the species you most often hunt, or a retrieving dummy.

When your retriever clamps down on this booby-trapped bird, he will quickly learn to treat future birds gently.

**TEST THAT TRIGGER PULL**

How stiff is your trigger pull? To find out, take any set of pull scales, such as used for babies or fish weighing. Tie one end of a strong string about the trigger, the other end about the scale hook.

## The President And Asia....

—Wisely warned, the American people will be watching President Johnson during his historic 17-day tour of Southeast Asia.

He is apparently hoping to tell directly, where he can, that the example of American democracy is open to Asia, where privation for 2,000 years has been a way of life.

Translating appeal of western life into meaningful Asiatic acceptance is about as difficult as getting Ho Chi Minh to the conference table. The Asiatic mind, by its insular can, is as far from U.S. consumer economy mindness as the next galaxy is from ours.

President Johnson is not promising "miracles", proposing instead "to tell the people that the best way to look at our foreign policy is to look at our domestic policy . . . to find jobs for men, good homes, education for our children and a church where they can worship according to the dictates of their own conscience."

—This foray into complex Asiatic foreign affairs comes at a critical time. Though bombs still fall and men die, Viet-Nam's stricture could be resolved since further North Viet commitment southward seems, at best, defensive, and on the offensive, futile.

## A Little More Judgment...

Using little discretion in implementing a safe driving program in Cameron augmented by radar, the Cameron Police Department is now somehow discreetly inactive.

During the past few weeks an average of 35 to 40 fines have been paid for speeding. The latest weekly count is one.

## Perrin Named To Justice Dept. Post In Washington, D.C.

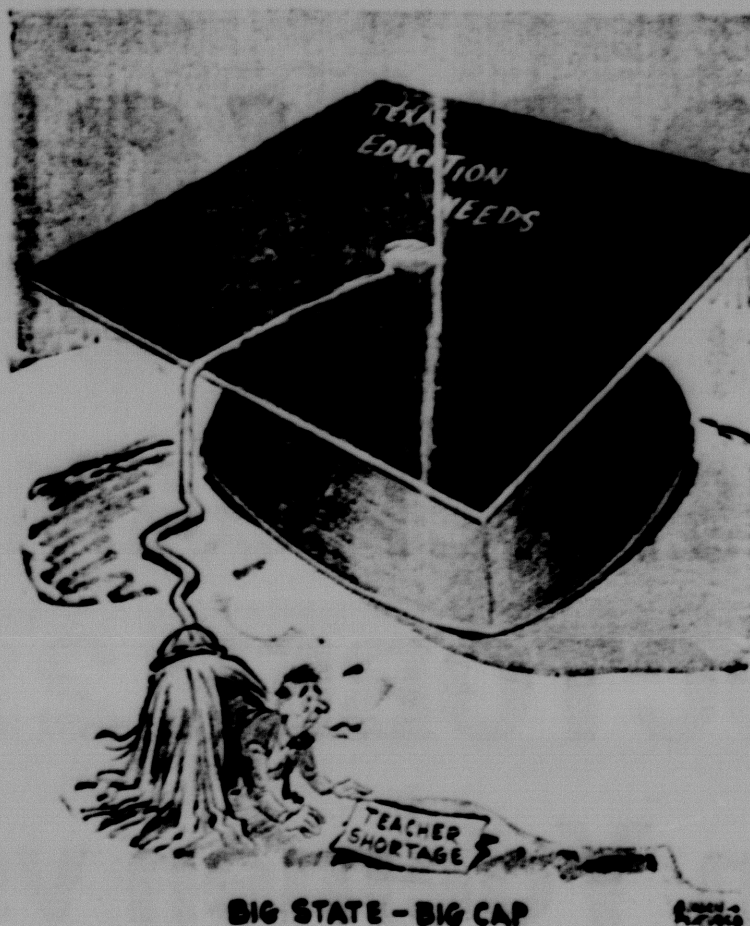

Mark Perrin will start work Monday in the Criminal Law Division of the Justice Department, Washington, D. C. He received his LL.M. degree from the University of Texas in August and left for Washington last week after completing his State Bar exams.

Perrin is a 1960 graduate of Yoe High School where he won both scholastic and athletic honors. At the University of Texas he was

elected to membership in Phi Delta Phi, legal honor fraternity, was a charter member and officer in the University Criminal Law Club, and was on the Legal Research Board, whose members brief cases for practicing lawyers. He also was employed by the Texas Civil Liberties Union in Austin while attending law school. Perrin's wife, the former Betty

Kestenbaum of Cameron, and daughter will visit her family, the Dana Kestenbaums, in Cameron until a home is located in the Washington area.

Perrin, the son of Mr. and Mrs. Frank Perrin, Cameron, was selected for the Justice Dept. position following interviews at law schools across the country last year.

## Predicted Sales Tax Raise Out

AUSTIN — Gov. John Connally soon will be making his decisions on state spending and tax recommendations.

His budget staff is rushing to completion a tentative budget and revenue bill for presentation to the governor by the end of the month.

Word is that the revenue measure, contrary to early speculation, does NOT call for any upward revision in the state's basic two per cent general sales tax rate. It may include a gasoline tax increase, college tuition boost and adding alcoholic beverages to the sales tax.

Money requests from departments, are being trimmed considerably. Best estimates indicate the tentative budget presented for Connally's review will require less than \$200,000,000 in new money.

Governor's proposals definitely will contain some form of financial relief for cities, but not the 50-50 split in new state revenues they are asking.

Connally's spending programs may be restrained by these factors:

Possibility of a substantial federal tax raise next year and the chance of future sharing of surplus U. S. income with state governments on an unrestricted grant basis.

A public school study by the governor's committee almost certainly will call for readjustments in the cost load of the educational system, and final recommendations will not be known for two years.

A metropolitan areas study conceivably could result in proposals for sweeping alterations in local government finance procedures.

WATER AMENDMENT—Governor Connally has launched a campaign for adoption of Constitutional Amendment No. 11.

Amendment would do three things: double the Texas Water Development Fund (from \$200,000,000 to \$400,000,000); give a constitutional guarantee to safeguarding water in river basins of origin; and permit use of the Fund for construction by the Texas Water Development Board of water treatment and transportation facilities.

About 150 leaders of state and local water governing agencies and other interested citizens attended the meeting and elected former Gov. Price Daniel of Liberty chairman of a steering committee to seek voter approval of the Proposition.

On another front, the Water Development Board announced that it will ask for an emergency appropriation of \$825,000 from the Legislature to complete the water planning work to bring the Texas

Water Plan to completion in about six months.

ATTORNEY GENERAL SPEAKS

Atty. Gen. Waggoner Carr withdrew his opinion that cable tv services are public utilities. But he reiterated his ruling that such firms have the right to place cables along state highways within the highway right-of-way.

In another opinion, Carr said the Secretary of State cannot approve a statement of intent to dissolve a corporation listing less than three directors, since to be a corporation it must have at least three directors.

COURTS SPEAK—State Supreme Court ordered Land Commissioner Jerry Sadler to file the sulphur claims of Dival Corporation and Piper Petroleum Company in Pecos County. Sadler had refused, claiming old laws relied on by the firms are no longer applicable, and the companies are trying to get \$2,000 an acre mineral rights for 30 cents.

In other action during the week, high court:

Affirmed \$304,500 in penalties against four East Texas oilmen (Gregg County) for slant-well drilling in Wood County.

Agreed with Railroad Commission that new truck service between Houston and San Antonio by Alamo Express, Inc. is justified.

Stuck by its July 13 decision that commissioners' precincts of Midland County do not have to be formed on the basis of equal population.

Sustained lower court findings that state sales tax may be collected on equipment leased to load and unload ships in foreign trade.

Upheld \$73,900 damage judgment for Montgomery County family who successfully maintained San Jacinto River was diverted from their property by an artificial channel and dam constructed by Tennessee Gas Transmission Company.

ANIMAL INFESTATIONS—Texas is pulling out of its serious screaworm epidemic. But now a big outbreak in Encephalomyelitis (sleeping sickness) among horses seems to be taking hold.

Some 40 cases were reported to the State Health Department covering a two-week period. But a spokesman said it likely will get worse before it gets better.

Cases were from Travis, Erath, Cherokee, Angelina and Washington Counties. Texas Veterinary Medical Association also says the disease has been reported in East, Central and South Texas and the Hill Country.

PARK LAND "OWNED FOR" Land Commissioner Jerry Sadler has written Governor Connally that 37,000 acres in area of proposed Guadalupe National Park in Culberson and Hudspeth Counties has never been paid for by a private purchaser.

Sadler said the interest has been kept up, but the Abilene owner still owes the state \$37,000 on land he agreed to buy for \$1 an acre 40 years ago.

Congress has passed and sent to the President a bill to establish a 71,000 acre national park. Land cost has been estimated at \$81,800, 600 and development at \$10,300,000.

## A Tired American

I'm tired of being called the ugly American.

I'm tired of having the world pushhenders use my country as a whipping boy 365 days a year.

I am a tired American - weary of having American embassies and information centers stoned, burned and sacked by mobs operating under orders from dictators who preach peace and breed conflict.

I am a tired American - weary of being lectured by General De Gaulle (who never won a battle) who poses as a second Jehovah in righteousness and wisdom.

I am a tired American - weary of Nasser and all the other blood-sucking leeches who bleed Uncle Sam white and who kick him on the shins and yank his beard if he flows falter.

I am a tired American - weary of the beatniks who say they should have the right to determine what laws of the land they are willing to obey.

I am a tired American - fed up with the mobs of scuffed faced, long haired youths and short-haired girls who claim they represent the "new wave" of America, and who sneer at the old fashioned virtues of honesty, integrity, and morality on which America grew to greatness.

I am a tired American - weary unto death of having my tax dollars go to dictators who play both sides against the middle with threats of what will happen if we cut off the golden stream of dollars.

I am a tired American - who is tired of supporting families who haven't known any other source of income other than government relief checks for three generations.

I am a tired American - who is getting madder by the minute at the fifth peddlers who have launched America in an obscenity race - who try to foist on us the belief that filth is an integral part of culture - in the arts, the movies, literature, the stage.

I am a tired American - weary of the bearded bums who tramp the picket lines and the sit-ins who preach Chinese communism to capitalism - who see no evil in Castro, but sneer at President Johnson as a threat to peace.

I am a tired American - who has lost all patience with that civil rights group which is showing propaganda movies on college campuses from coast to coast; movies denouncing the United States. Movies made in Communist China.

I am a tired American - who is angered by the self-righteous breastbeater critics of America, at home and abroad who set impossible yardsticks for the United States but never apply the same standards to the French, the British, the Russians, the Chinese.

I am a tired American - sickened by the slack-jawed bigots who wrap themselves in bed sheets in the dead of night and roam the country-side looking for innocent victims.

I am a tired American - who dislikes clergymen who have made a career out of integration causes, yet send their own children to private schools.

I am a tired American - who resents those who try to peddle the belief in schools and colleges that capitalism is a dirty word and that free enterprise and private initiative are only synonyms for greed.

They say they hate capitalism, but they are always right at the head of the line demanding their share of the American way of life.

I am a tired American - real tired of those who are trying to sell me the belief that America is not the greatest nation in all the world? a generous hearted nation - a nation dedicated to the policy of trying to help the "have nots" achieve some of the good things that our system of free enterprise brought about.

I am a tired American - who gets a lump in his throat when he hears the "Star Spangled Banner" and who holds back tears when he hears those chilling high notes of the brassy trumpets when Old Glory reaches the top of the flag pole.

I am a tired American - who thanks a merciful Lord that he was so lucky to be born an American citizen - a nation under God, with truly mercy and justice for all.

—Alan McIntosh, Rock County Herald, Luverne, Minn.

## Cancer Films Available For Local Groups

Mrs. W. C. Wallace, Public Education Chairman for the Milam County Unit of the American Cancer Society, has announced that films on cancer are available to local clubs and organizations interested in having a program on America's number two killer disease.

Some of the films available are "Breast Self Examination" which shows the simple technique of checking for unusual lumps or thickening in the breast, "Time and Two Women" which deals with uterine cancer, and "Life Story", a film about the diagnosis of cancer of the colon. "Smoking and You" an adult film, shows the relationship between smoking and various lung diseases including cancer.

"We would also be glad to show adults the films the Cancer Society has produced to educate students about the hazards of smoking. We know the parents would like to know what their children are being taught about smoking and health," Mrs. Wallace said.

Groups wishing to schedule a Cancer Society film should contact Mrs. W. C. Wallace, OX 7-2152 Cameron.

**You don't believe a 6 can act anything like an 8?**

**With our new Overhead Cam Six you'd better believe it.**

A few short years ago automotive engineers were struggling to coax 165 hp out of a four barrel V-8 using premium gas. Remember? Our single barrel OHC 6 gets 165 hp on regular. And 215 from the premium gas four barrel option.

Most American sixes (and some underprivileged V-8s) don't even come close. Expensive European sports machines do. But they're overhead cams, too. In fact, they inspired us. But we like to think ours is better.

See your authorized Pontiac dealer for a test drive.

Our OHC 6 is standard on all Tempests and Le Mans. To say nothing of new styling, new interiors, new colors, new options (like that hood-mounted tach) and new standard safety features (like passenger-guard door locks, General Motors' new energy absorbing steering column and a four-way hazard warning flasher).

We've said enough. If a test drive won't convince you, nothing will. **67 Pontiac OHC Sprint/Ride the Wide-Track Winning Streak**

## IS HE YOURS

You take him for a walk around the block and people stop you to say, "What a beautiful baby!"

You try to be modest about it, but your heart is bursting with pride. He is the most beautiful baby — and — he's yours!

Or is he?

It can be pretty disturbing the first time you realize that your baby really isn't yours at all — that you do not possess him. Yet the sooner you do realize it, the better. We can't possess another person no matter how dearly we love them. And in the case of our children, we are custodians, not owners.

He is a beautiful baby — and you, naturally, want nothing more than for him to grow up into a fine young man. It is your responsibility, in the years ahead, to help him do so — and you will find the strength and guidance to aid you in your task in your church.

Start going to church this Sunday. Chances are that they've even got a nursery for beautiful babies!

**THE CHURCH FOR ALL • ALL FOR THE CHURCH**  
The Church is the greatest factor on earth for the building of character and good citizenship. It is a storehouse of spiritual values. Without a strong Church, neither democracy nor civilization can survive. There are four sound reasons why every person should attend services regularly and support the Church. They are: (1) For his own sake. (2) For his children's sake. (3) For the sake of his community and nation. (4) For the sake of the Church itself, which needs his moral and material support. Plan to go to church regularly and read your Bible daily.

## FOR Good Advice Always Consult An Expert

Well meaning friends who give you prescription medicines that have helped them relieve an ailment with similar symptoms can cause you serious harm. Many drugs are too potent to be taken without a physician's approval. Many different ailments have the same distress symptoms. To diagnose the cause of trouble takes years of study and observation of sick people. Only a physician has this knowledge.

Prescriptions contain what a physician considers to be the specific medicine which will best help his patient. What helped your friend may endanger you. Never take any other person's prescription without getting the approval of your own physician.

**Taxing the Jackpot**  
Have you won any radio or TV jackpots lately? Collected any door prizes? Earned a bonus for the Suggestion-Of-The-Month at the office?

In each of these cases, you will have to share your good fortune with Uncle Sam. Each of these items must be included in your gross income at tax time.

True, not all winnings are taxable. Certain scholarships and fellowships are exempt. So are awards bestowed, without any special initiative by the recipient, for "religious, charitable, scientific, educational, artistic, literary, or civic" achievement. Nobel and Pulitzer prizes are illustrations of this exemption.

But miscellaneous forms of recognition, not fitting into any of the above-listed categories, are taxable.

Thus, an award to the "most typical family" in a community did not qualify for an exemption. Neither did an award for 25 years of continuous employment with the company.

In another case, hoping for an exemption, a man described as a "civic" achievement the prize he won in a fishing contest. Genially but firmly, the court said no. The judge commented that the man's argument "merits the smile it was no doubt intended to evoke."

Now does the government place a valuation on your booty? If you win cash, the valuation is obvious. But if you win merchandise or services, the tax must be calculated according to the "fair mar-

## It takes a lot of planning to place a generating station

Producing and supplying customers' electric power needs is a full-time job at Texas Power & Light Company... and so is advance planning and the building of facilities to meet future needs.

Right now, construction is in progress on a new 550,000-kilowatt generating unit at TP&L's Valley Steam Electric Station in North Texas. The new unit will be placed in service in late 1967.

And, for service capability, TP&L engineers are continuously planning other additions and improvements to Company facilities as far ahead as 20 years.

In the future, as in the past, you can count on an ample supply of dependable, economical electric power from Texas Power & Light Company.

## Caperton Says Thousands Have Returned ZIP Mailing Cards

Postmaster N. D. Caperton today thanked the thousands of Cameron residents who have been cooperating in a plan to add ZIP Codes to personal mailing lists.

He also urged all those who have not yet sent in their "ZIP-A-LIST" forms to do so.

As part of a nationwide program, the Postal Service will add the ZIP Codes to personal mailing lists. Every household in the nation has been sent forms with blanks for addresses to which residents wish the post office to add the five number codes.

"It's not too early to think of adding ZIP Codes to your Christmas mailing list," Postmaster Caperton suggested. "Also, it would help us greatly if you would print each address."

Postmaster General O'Brien has said "we must do all we can to make ZIP Codes completely accessible," and this is part of that program. Local ZIP Codes are also available in the business pages of the phone book and in directories in post office lobbies. A special Zip Code information section has been set up at the Post Office. Its phone number is OX 7-2662.

"Personal and social mail accounts for more than 20 billion pieces annually," Caperton said. He encouraged mailers to use the ZIP Codes on all addresses because with it mail moves by a

more direct route and is handled fewer times.

In filling out the forms, householders are asked merely to list the addresses, not the names, of their correspondents.

Incomplete addresses which are submitted but cannot be ZIP-coded by the local post office, such as those in some cities will be sent to the appropriate city and the codes will be added there.

Postmaster Caperton emphasized the importance of including the return address on the front of the cards so that his employees will know where to return them after coding.

He also noted that extra cards will be available for those requesting them.

Mrs. W. C. Freeman attended the Zone Meeting of the Women's Society of the Bryan District.

## SELF ANALYSIS QUIZ

### Do You Blush Easily?

By Jane Sherrod Singer

Mark Twain sagely commented: "Man is the only animal that blushes. Or needs to."

Blushing is a human trait and such an interesting phenomenon connecting the physical with the mental that it has been the object of intensive study by a number of psychologists for many years. See how correct your facts are as compared with those of the authorities.

- |   | TRUE | FALSE |
|---|------|-------|
| 1. Only people with fair skins can blush.   | ( )  | ( )   |
| 2. A person blushes only when he is criticized.   | ( )  | ( )   |
| 3. If you see a person blush, you sometimes blush yourself.                                 | ( )  | ( )   |
| 4. Babies often blush.  | ( )  | ( )   |
| 5. Blushing is confined to the area of the face.  | ( )  | ( )   |
| 6. Blushing cannot be controlled consciously.   | ( )  | ( )   |
| 7. Women blush just as often today as they did in their grandmothers' day.                  | ( )  | ( )   |
| 8. People blush even when they are alone.   | ( )  | ( )   |
| 9. Blushing is generally a characteristic of young people.                                  | ( )  | ( )   |
| 10. Blushing is caused by our repression of the normal desire to be the focus of attention. | ( )  | ( )   |

#### ANSWERS:

- False. People of all races blush. When dark-skinned people blush, their skin becomes darker.
- False. Blushing can be the result of any attention — praise or criticism.
- True. If a person puts himself in the position of the "blusher" he too is likely to blush.
- False. Although babies often get red-faced, the cause is not blushing. It is not until certain things have been taught as right or wrong, that a child produces a genuine blush — usually at the age of two or three.
- False. Blushing may appear on the ears, neck, arms or abdomen.
- True. Once a feeling of shame or attention has been established, there is no mental control over a blush.
- False. Victorian women were trained to be shocked by many things and therefore blushed more readily than the women of today.
- True. To imagine a situation, even when alone, can cause a blush.
- True. Blushing occurs most frequently from the early teens to thirty and diminishes. It is not unusual, however, to find oldsters red-faced in certain situations.
- True. According to Dr. Sander S. Feldman, "At an early age, we are taught that it's wrong to want to draw attention to ourselves. As a result, we pretend to be humble — we don the mask of hypocrisy so that others (initially our parents, later members of our social group or society) will think well of us. But the truth will out; repressing our desire for attention brings redness to our skin and draws the attention we want in the first place."

## Outdoors In Texas

by Vern Sanford

One of our fastest growing  
sports today is archery.

There is a special thrill and  
fascination in shooting the bow  
and arrow - the most primitive  
of weapons - that is a challenge  
to everyone.

But the modern bow-and-arrow  
in no way resembles the crude  
weapons of the Indians. Modern  
archery equipment is accurate  
and deadly. It still amazes me  
what an accomplished Bowman  
can do with such equipment.

Maybe you've been thinking of  
taking up archery. If so, probably  
you are confused about what it  
involves. Should you want some-  
thing simple and easy, then forget  
the bow-and-arrow. It takes time  
and patience to learn to shoot ac-  
curately and consistently.

Hunting with the bow-and-arrow  
is the ultimate in challenge. A  
bowhunter must be close to his  
game to score. Preferably less  
than 35 yards (from even a large  
animal like a deer). This isn't an  
easy assignment.

It is difficult enough to learn  
to shoot proficiently with good,  
well matched equipment. So the  
fledgling archer who gets equip-  
ment not suited to him is off on

the wrong foot. No matter how  
good he may be athletically, he'll  
never learn to handle his equip-  
ment with any proficiency.

Before buying any archery eq-  
uipment every beginner should go  
to an experienced Bowman and  
get his views on the subject. Many  
sporting goods dealers are not  
able to give this information. Un-  
less a man has tried archery, and  
many sporting goods dealers have  
not, he really doesn't understand  
what it involves.

Basically, there are two types  
of archers: the bowhunter and  
the target shooter. A person can  
be both, but he must understand  
that there is a different technique  
involved and different equipment.

A target shooter, for example,  
chooses a bow that is easily pulled,  
something of 35-pounds pull or  
lighter. A bow pull is determined  
by the number of pounds of pres-  
sure required to pull an arrow  
full length.

A hunter wants something heav-  
ier, that will drive the projectile  
with greater force. Preferably a  
bow of 45-pounds-pull or greater.

It is difficult, if not impossible,  
to shoot proficiently with a hunt-  
ing bow.

Pulling a bow brings into play  
certain shoulder muscles which  
are not accustomed to the task.  
A beginner should start with an  
easily-pulled bow to condition  
these muscles and learn the prop-  
er technique. Then graduate to  
a heavier hunting bow. Most com-  
mon fault of all beginners is  
"overbowing," or choosing a bow  
too heavy to pull comfortably.

Archery shooting involves many  
different things like stance, draw,  
anchor, aiming, release and fol-  
low-through. Each step is impor-  
tant to success.

Here again we seek an expe-  
rienced archer. Get him to show  
you the proper techniques. This  
is the only way to learn. Like in  
golf, the archer who starts off  
with the improper technique and  
form will have difficulty getting  
back on the right track.

Quality bows are expensive.  
Don't wreck the family budget  
with the first one. There are mod-  
els priced less than \$30. And  
they are acceptable. Use one of  
these to learn. Then if you find  
you enjoy archery, go to some-  
thing more expensive.

All archery equipment must be  
matched. You wouldn't use the  
same arrows for both a light bow  
and a heavy one.

A light arrow on a heavy pow-  
erful bow tends to whiplash as  
it comes off the string and it is  
impossible to get accuracy with  
this combination. Also, the arrow  
must be of a length suited to the  
individual archer.

All shots should be taken at  
full draw at all times. This means  
pulling the arrow to full length.  
Length of the arrow will depend  
on your arms. People of identical  
size often require different arrow  
length.

One way to check the proper  
length is to put the fletched part  
of an arrow, or the feathered end,  
on your chest, as you bend back.  
Stretch your hands straight up  
and bring the tips of your fingers  
together in a triangle shape. The  
arrow should measure exactly  
from your chest, at the base of  
your neck, to your outstretched

finger tips.

Arrows come in various con-  
struction: wood, fiberglass and al-  
uminum. The latter two are best,  
but the wood is most economical  
and it is best for learning.

A leather arm guard and a fin-  
ger guard also are necessary, to  
protect vulnerable parts while  
you are shooting. Any sporting  
goods dealer can fill you in on  
the various other equipment need-  
ed.

Just remember that the bow  
and the arrow are the most im-  
portant to you individually.

## TIPS FOR OUTDOORSMEN

by Vern Sanford

OUTDOOR REMEDIES - Sports-  
men in East Texas have a sure  
remedy at hand for a fever, or  
as a laxative. We refer to the  
balled roots of a flowering dog-  
wood tree.

Also, they can make a tea from  
elderberry leaf buds that's good  
for constipation.

If sore throat is your trouble,  
find a slippery elm, cut off a  
piece of the inner bark and chew  
it.
